

# **DUCK DUCK GOOSE EARTH BALL STYLE**

## **What Kind of Game is this?**

- **This game is best to be used as a big group game. (more than 20 is big, works even better with more).**

## **Who is this game intended for?**

- **For anyone. It can be boys and/or girls in any grade.**

## **Supplies:**

- **1 Earth Ball**
- **Lots of students**

## **Instructions:**

- **Blow up earth ball (best to do before the students come, it takes up to 15 minutes) (Call the youth line to coordinate getting the earth ball from us)**
- **Form the students into 2 circles facing each other; have an outside circle with like 3/5 of the students in it and have a little circle on the inside of the outer circle that has close to 2/5 of the students in it.**
- **Make sure theres at least 5 feet in between the 2 circles of students**
- **Place the ball in between the 2 circles of students**
- **Get the group to roll the ball in a clockwise direction around the circle. Have a leader tap the shoulder of someone in the circle...this person has to run in front of the ball around the circle and back to their spot without being hit by the earth ball!**
- **Have fun**

## **Goal:**

- **Have the students get back to their spot before the earth ball gets them!**
